Instruction Memorandum No. CA-2001-012

To: All Employees

From: Deputy State Director, Support Services Division

Subject: Use or Lose Annual Leave

This is to remind you that the current leave year **expires on January 13, 2001**. Employees may not carry more than 240 hours of annual leave into the new leave year. On that date, the hours exceeding 240 hours will be lost.

In accordance with 5 USC 6304 (d)(1), annual leave forfeited that is in excess of the maximum accumulation may be restored under **certain** circumstances. Leave may be restored because of administrative error, illness or exigency of the public business, if all criteria regarding restoration are met. Annual leave which is forfeited at the end of the leave year (except for administrative error) cannot be considered for restoration unless the leave has been scheduled in advance.

In situations where an employee may forfeit annual leave due to illness or a work-related project of emergency proportions (exigency of the public business), the leave must have been **requested and approved in writing prior to December 3, 2000**. Documentation must be on an SF-71, Application for Leave, or similar evidence. If after the leave is approved, it becomes necessary to cancel the leave, the employee may be eligible for leave restoration following the expiration of the leave year.

When an employee's annual leave must be canceled because of work demands, details of the exigency must be sent to the State Director for approval at the time that the exigency occurs. There is no authorization to restore leave due to an employee's own determination that an exigency exists. It is the mutual responsibility of employees and management to plan and schedule the use of annual leave throughout the year. Supervisors and

employees should note that approval of an exigency requiring cancellation of scheduled annual leave does not absolve them of the need to try to reschedule the leave for use before the end of the leave year, if at all possible.

Requests may be initiated by the employee through the appropriate supervisory official and should be submitted to the Human Resource Services Branch (CA-945) after the end of the leave year. Requests should be submitted on the attached Form 4727-78, Request for Restoration of Forfeited Annual Leave. To expedite processing, documentation should include a copy of the leave request/approval document(s) for all periods of scheduled leave and a copy of the employee's Leave and Earnings Statement for the last pay period of the old leave year and the first pay period of the new leave year.

Restored annual leave must be used within two years from the end of the leave year in which the leave was restored. For example, if leave was restored in May 1999, it must be used by the end of leave year 2002 (pay period 02 of 2002).

If you have any questions please direct them to Angie Dailly in Human Resource Services at (916) 978-4462.

This memorandum supersedes IB No. CA-2000-13, dated November 3, 1999.
